BRÓDY ILLES

+ Nov. 1953

"Brody Sándor leg-
ifjabb fia. Annak idején
Kedves, róparán az -
bőre, szép az a fiúval,
Kiváló hűség -
Kalandos, zavaros! Now
Munkában, ill. autóban
is börtönben..."

Illes "Gone With the Windsors" Brody, who died suddenly in San Francisco where he had gone to promote sales on his best seller, wrote a letter to a friend of ours the very day he died: "Painting, they say, is easier, but authorship has its rewards. Am rather sure now that the coffin they will put my remains in will not be a donation. Au revoir."
