

Domán, Nicholas dr.

\* 1913, Bpest 112

6125 Kenwood Ave, Mayflower Hotel, Chicago

M.A. : Boulder, Colorado U.

His article in "Kulügyi Szemle" (Foreign Politics Review) July, 1941 (Budapest) Pp. 362-367): Amerika a háboru küszöbén ("America on the threshold of war") is an undisguised attempt to show that U.S. is hypocritical in her "neutrality"

(The Review designates him as "publicist" living in Chicago)

During my 28 years in US never even heard his name. (E.V.)

I heard his name the first time July 9, 1942. Seems to have some gov't position.
