May 23 - P.L. (10)

Speech in Prohazka.  
Warmly thanks the King of  
Italy for his visit in Hungary.  
Does not believe that  
revolution or foreign power-  
politics could help H. in  
her case

June 4 P.L. (2-3)

Speech in Parl. about  
foreign policy. Glad that  
Hungary was able to  
stay alone, without military  
pacts with great powers.  
Praises governments.

"We have to cooperate with  
Germany, Italy and Poland,  
and in this case it is certain  
that these powers will not  
try to solve the problem  
of Central Europe without us.  
The basis of our Central-Eur.  
politics is the Rome pact.

But the cooperation with Germany is also absolutely necessary for us. I am going to talk frankly. They are mistaken who think that ~~and~~ the for. political situation between Germany and Hungary has changed. I gladly notice in the speech of our Foreign Min. that the situation stays unchanged.

Will there be a world-conflict. I don't know - but Hungary will not be wildly in provoking it.

The maximum, that the world could expect from Hungary in case of a new world-conflict: will not initiate it, nor will take any part in it.

June 13 P. L. (8) speech in  
Köszeg ab. for. policy
