

Eckhardt

1942

Chicago Daily News, Louisville, Ky.
Times, March 10, 1942 (Special)

After the resignation of Premier
Bárdossy:

"Another eligible politician (to be
successor to Bárdossy) is Dr. Tibor
Eckhardt, head of the agrarians, who is
now in America." (Paul Ghali from Bern,
Switzerland)

It is strange that Eckhardt, who was not
only expelled from Parliament, but was
deprived of his Hungarian citizenship by
Gov't decree, several months later, while
still in America, is supposed to be eligible
to the premiership of Hungary!
