Prof. Vladimir Klecanda (Vice Chairman of  
Czsl. State Council in London, former  
Prof. of History at Charles Univ.,

"Horthy's people at home and abroad"  
In: News Flashes from Czechoslovakia,  
No. 116, Jan. 19, 1942.

"E.s friends in Paris said that  
he was going to get into contact with a  
group of American Slovaks who were working  
against Czsl. unity."

His vain attempts to obtain  
permission to enter Great Britain. No secret,  
that his journey was made with the knowl-  
edge and the unofficial support of the H.  
government."

"If he wished to be heard in America  
he had to describe H. as a victim of Hitler,  
although.. Horthy's regime itself is a Nazi  
regime in intention and practice."
