

GABOR D.

THE MATURE SOCIETY

**A View of the Future by the Winner of
the 1971 Nobel Prize for Physics**

DENNIS GABOR

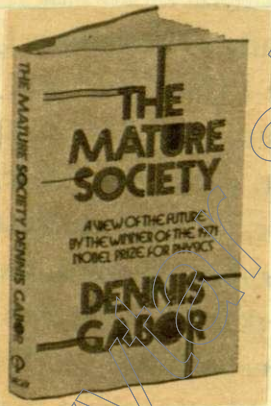

Dr. Gabor suggests far-reaching changes in education, employment patterns, fiscal policies, and attitudes to create a world that maintains the maximum amount of freedom compatible with social stability. "A tonic to read. ... Packed with the lessons of a lifetime."—John Barkham, New York Post. "Likely to stir interest and controversy among educators, philosophers, and civil-rights as well as law-and-order advocates."—Library Journal. "Offers a reasonable plan and reason for hope."—Jonathan Ward, CBS Radio
