In Paris, Madame Jolie Gabor, 53, glamorous mother of glamorous Eva, Magda and Zsa-Zsa, showed surprise that people make so much about their divorces. "We're four girls, and there have only been eight divorces. Is that so much?" Confided she to the *Herald Tribune's* Columnist Art Buchwald: "We are never angry with our former husbands. We have always been on wonderful terms with all of them. All of them would remarry us if we wanted them to."
