

Uri Geller bends metal with his mind.

## URI reveals the source of his power.

Uri Geller is the Israeli psychic whose demonstrations of telekinesis have amazed people around the world. Andrija Puharich is a medical doctor long interested in ESP. Together, they have discovered the source of Uri Geller's powers—a superior form of life in outer space. The story of this historic encounter makes URI the most astonishing book on paranormal phenomena ever published. \$7.95 at all booksellers
