

Gould, Walter

1922 May 5 Monday

New York Observer Jan 24 - 1878

"Gould has long held a high rank among original painters, being very successful with portraits as well as ^{with} ~~his~~ ^{the} conceptions of his own. His eastern travels have given him large material for composition, in which oriental scenes are shown with fine opportunity for the display of his powers."

(Trenaux: Letter to the New Observer)
