

Morgan hívös K-tal szemben - Off his  
sympathy, equaled K's enthusiasm,  
the peace of Sard. would have been  
in jeopardy

Kinney (Twin 9/25-51) Navy 426

"Their treatment of your considerate  
counsels is truly surprising but  
K's intimation that he is "still  
a prisoner", and above all, the  
suggestion of an appeal from the  
Govt to the people if the indulgence  
asked for should be granted,  
astonishes me beyond the  
power of expression. I quite  
reverses all our preconceived  
notions of the man"
