

Welcome to Gov. Slossuth

by Mrs. A. Annie Wade (184)

Pak Gazette, Jan 30 - 1852, 7/2

Illustrious Son of Hungary!

We welcome thee with joy!

The pleasure of this glorious hour
No tyrant can destroy.

No despot's hand can reach thee here;

Our hearts beat warm for thee!

Thy name we'll shrieve in
memory's vase

With all things bright and free.

We deeply mourn the many wrongs
Of thy ~~loved~~ Hungary!

God grant thee power to gain for her
Freedom and Liberty!

Thy life shall place another star

in Fame's bright galaxy!

The world shall hail the champion
Of rescued Hungary.

We welcome, too, thy chosen ~~one~~
 Dearer to thee than life,
 Who planted in thy prison cell,
 A flower with beauty rare.
 We give you both the hand of love
 You have our sympathy
 A humble offering too, we bring
 For bleeding surgeons.

It's welcome
