Ismeretes, hogy Közi Horváth József Gvörgy volt kereszténypárti képviselő, az emigrációban egy pártszövetséget alapitott: a Keresztény Népmozgalmat. A Népmozgalom, a Keresztény Női Tábor, (Schlachta párt) a volt Keresztény Párt (Wolff) és a Demokrata Néppárt (Barankovics) képviselő tagjaiból alakult. A Barankovics pártnak hatvan, a női tábornak 5, a keresztény pártnak 2 mandátuma volt, az 1947-es, illetve az 1939-es parlamentben. Barankovics István nemrégiben személyi és politikai okokból felbontotta a pártszövetséget és bejelentette, hogy a Demokrata Néppárt a jövőben önállóan müködik majd az emigrációban.

Istvan Barankovics

During the elections of 1947 the head of the Democratic Peoples' Party. Because of his arrogant, haughty attitude and his negligence all but two of his party's representatives and his negligence all but two of his party's representatives left the Party, and joined the Hungarian Christian Democratic Union, which is headed by Joseph Kozi-Horvath. It is this Union, which represents, almost exclusively the contacts with group of the European Ohristian Democratic Parties, and member organizations. Barankovics shows his hatred toward members of the Union, and is unwilling even to shake hands with them. For Union, and is unwilling even to shake hands with them. For this reason he would gladly stay out of the delegation, if he deep not, this will be only for financial reasons. With the exception of the National Council, he is opposed to and is exception of any kind of a grouping, and does everything the enemy of any kind of a grouping, and does everything possible to prevent the formation of such a group or its work.
