

BAY Zoltán atom
physicist

Born Gyulavári, 1895 County
Son of Joseph P. Calvinist
Minister + Julia
Böszörményi, 1900

He was smuggled out of Hungary
by Allies, to lessen the
number of atom experts

Teaches 1950 at George
Washington Univ, Washington
D.C.

(He was a schoolmate of
Alexander Dargóczy,
Calvinist Minister of
Cartaret, N.J., at Debreczen)

Mt. about him in Magyar Hírlap 1946
Dec 1 (6) Libr Congr

(Who's Who in Central + East
Europe 1935-7, P. 93)

Gulyás Pál: M. i. költ. II. 775

Prof. Albert Lent-Györgyi (Nobel Prize)
says about him in an
interview "Szabad Nép"
1946 June 9 (Lib. Cong.)

In this research I would
mention at the first place
Zoltan Bay, who first
discovered - simultaneously
with Russian + English
scientists, the atomic rays
returning from the moon to
the earth.

Bay Zoltán

az atombomba titjáról

(M. Neuzel 1945 aug 8
3. Old (Lib. Cong.)
