Rev. Edmund Vasváry, Auditor  
The Hungarian Reformed Federation of America  
1801 P Street, N.W.  
Washington 6, D.C.

Dear Rev. Vasváry:

Your article on General Bandholtz, in yesterday's "Szabadság" stirred memories in me and this letter is the result.

I enclose three photographs taken by me at New York's Cafe Tokay on June 25, 1937. The captions I have written on each will explain everything. Mrs. Bandholtz, widow of the General, was a very sweet and charming person.

You may keep these photographs if you wish, as I have several other prints and the negatives in my collection. I also prize a copy of General Bandholtz's book, which is signed by Mrs. Bandholtz.

Your historical articles give me great pleasure-- I save every one of them.

With warm greetings from us all, I am,

Your friend,

*Alajos Schützler*

On Saturday, October 30, the erstwhile Hungarian-American Athletic Club will stage its 40th anniversary reunion dinner-dance, at the Parkside Hotel, Gramercy Park, New York City. I plan to fly to New York to attend. There will be good food, good memories of 40 years ago, and cigányzene. What more could anyone ask?
